## Field Trip and Outing Planner

Many injuries and losses during field trips or outings result from failures in planning for the activity. This *Planner* provides a tool for helping to determine some of the equipment, supervisory, transportation and other elements that might be needed for an upcoming church or school field trip or outing. As a mind jogger it can help activity leaders establish safety elements not included on this list. School a dministrators and church boards can also use the *Planner* for approval (or disapproval) of the proposed field trip or outing.
